Wife glares as bulge in

Carney's shorts points to gay lover

In 2013, Media Caught Mark Carney in Gay Lover Spat

Was Mark Carney molested by his male ex-employee Philipp Hildebrand in front of his wife and Ghislaine Maxwell?

Did Carney's wife storm off in a jealous fit? (See photo below)

Makow Disclaimer: I don't care that Mark Carney is gay. I do care that he is misrepresenting himself.

As Mark Carney laid down with his hands behind his head and his eyes closed, his ex-employee Philipp Hildebrand knuckled Carney's crotch area. (See above.) Carney was wearing short shorts that went above his knee and a purple shirt. Hildebrand's knuckles appear to be mere centimetres away from Carney's bulge, which "leans right" in terms of its direction. These photos were taken by the British photographer Chris Eades, according to the watermark, and were published by the Daily Mail (https://www.dailymail.co.uk/news/article-2389349/New-Bank-England-boss-Mark-Carney-chillaxing-Wilderness-Festival.html) in 2013. Eades is registered as a photographer with the British Press Photographers' Association (https://thebppa.com/author/cdpeadesgmail-com/) .

Notice Carney's wife, Diana Carney, sitting to Mark Carney's and appearing to stare into the eyes of Hildebrand or something in the direction of where Hildebrand would be sitting.

Hildebrand (above) continues to appear to place his hand in inappropriate places. It appears to be quite the homosensual

experience for both parties. Have they done this before? Are they gay lovers?

In another high resolution photo from the same event, Carney stands smiling while Philipp Hildebrand appears to stare directly at Carney's mouth and yellowing buck teeth as though it were an appetizing dish. This photo was taken by Adrian Sheratt (https://www.shutterstock.com/editorial/image-editorial/governor-bank-england-mark-carney-2l-event-2798828c) for Shutterstock. Standing next to Mark Carney is his wife with her hands on her hips that may indicate displeasure while keeping Hildebrand in her peripheral vision, and notorious child molester and trafficker Ghislaine Maxwell, Jeffrey Epstein's right hand man.

Carney then leans in and points at something with his wife's back turned, as she was talking to the notorious Ghislaine Maxwell, who is wearing a VIP escort badge and thus has access to the backstage areas of the festival and likely the house of the host family. Several mainstream (https://www.standard.co.uk/lifestyle/london-life/revealed-mark-carney-s-festival-weekend-with-his-very-grand-inlaws-8753902.html) outlets, including *The Daily Mail* and *The Standard*, reported (https://www.dailymail.co.uk/news/article-2389349/New-Bank-England-boss-Mark-Carney-chillaxing-Wilderness-Festival.html) that Carney

stayed in the manor house that is located on the Wilderness Festival grounds, which is also where the owner of the festival (Lady Rotherwick) lives.

Mark Carney lays on the grass next to Diana Carney and Ghislaine Maxwell, but stares off somewhere, perhaps at Hildebrand, while Maxwell head is positioned to face Mark Carney's crotch. Diana Carney continues looking angry.

At some point Diana Carney gets upset.

Diana Carney appears to storm off for an unknown reason. Perhaps she is angry at the touching between Hildebrand and Carney, or perhaps she suspects that Maxwell will try to compromise her husband later that night back at the house. Or perhaps she is angry at something unrelated to the Daily Mail

(https://www.dailymail.co.uk/news/article-2389349/New-Bank-England-boss-Mark-Carney-chillaxing-Wilderness-Festival.html) , "**At one point Mrs Carney seemed to walk off before a seemingly playful Mr Carney ran after her and gave her a hug.**" Was she jealous of Philipp Hildebrand?

Hildebrand often appears to stare at Carney, in other photos of them.

Philipp Hildebrand was last Mark Carney's employee in January 2012 (https://www.theglobeandmail.com/report-on-business/international-business/european-business/carney-to-forge-ahead-without-hildebrand-at-fsb/article1357916/) , according to the *Globe and Mail*.

According to the *Financial Post*, in a 2012 article (https://financialpost.com/news/fp-street/mark-carney-moves-into-damage-control-at-global-bank-regulator) the headline of which read "Hildebrand's exit puts Carney on the spot", Philipp Hildebrand was "**Mr. Carney's No. 2 at the FSB**", an acronym for the Financial Stability Board. It is generally considered at the very least to be "inappropriate" to engage in sexually suggestive contact with employees or ex-employees, with some even labelling it "sexual harassment" with serious ramifications.

Who cares? Or, to put it in "scientific" terms: who gives a flying fuck?"

This article is just another childish attempt at character assassination, nothing more.

What's really important is what people like Carney actually think, politically. That is: their overall political philosophy. Are they pro, or anti, freedom? Obviously, Carney, on record, is anti- freedom, and pro big government.

Sadly, the reason Ms Santos did not ask that type of question is because (like most Canadians, apparently), she's also in favor of less freedom and more government control over Canadians. So, like most,all she has to critisise a Carney or similar is his alleged sexual habits/orientation.

And so it goes. Very sad.

Thanks JD

I give a flying fuck and so do millions of Canadians
